**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**Status**

- 1) ☒ Responsive to communication(s) filed on 27 June 2007.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims <sup>1, 2, 6-14</sup> are rejected under 35 U.S.C. 102(b) as being anticipated by US patent number 6,115,478 (Schneider).

Regarding claims 1, 2, 6 and 12-14 Schneider discloses a hearing instrument, comprising: at least one hearing instrument microphone (10) for receiving an audio input signal; a sound processor (16, 18) for processing the audio input signal to compensate for a hearing impairment and generate a processed audio signal; at least one hearing instrument receiver for converting the processed audio signal into an audio output signal; and a serial data port (44) for coupling the hearing instrument to an external device, the serial data port being operable to transmit bi-directional digital audio signals between the hearing instrument and the external device; wherein the serial data port may be coupled to the external device to transmit at least one of the audio input signal, the processed audio signal and the audio output signal to the external device.

Regarding claims 7-11 and 19, Schneider also disclose wherein the external device is a computer or a computer network (column 9 lines 50-58),

Regarding claims 15-18, Schneider discloses a digital hearing instrument configured to be inserted into a patient's ear canal, comprising: an outer microphone (10) for receiving a first audio signal from outside of the patient's ear canal; a sound processor (16, 18) for processing the first audio signal to compensate for a hearing impairment and generate a processed audio signal; a hearing instrument receiver for converting the processed audio signal into an audio output signal to be directed into the patient's ear canal; an inner microphone (11) for receiving a second audio signal from inside of the patient's ear canal; and a serial data port (44) for coupling the digital hearing instrument to an external device, the serial data port being configured to transmit the second audio signal to the external device.

***Allowable Subject Matter***

3. Claims 3-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

**Conclusion**

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
